EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. John Sopp on January 19, 2006.

2. Restriction to one of the following inventions is required under 35 U.S.C. 121:

Group I: Claims 20-35, drawn to a chemical compound, a pharmaceutical composition, method of preparing, and method of treating various diseases using a compound of formula (I).

Group II: Claim 36, drawn to a method of treating a disease maintained or propagated by angiogenesis using a chemical compound of formula (I).

Inventions I-II are related as only process of use. The inventions can be shown to be distinct if either or both of the following can be shown: (1) the process for using the product as claimed can be practiced with another materially different product or (2) the product as claimed can be used in a materially different process of using that product (MPEP 806.05(h)). In the instant case, the claims are drafted as various method of using. See claims 35 and 36.

3. Because these inventions are distinct for the reasons given above and have acquired a separate status in the art because of their recognized divergent subject matter, restriction for examination purposes as indicated is proper.

Art Unit: 1625

4. During a telephone conversation with Mr. John Sopp on January 19, 2006 a provisional election was made *without* traverse to prosecute the invention of Group I, claims 20-35. Claim 36 is withdrawn from further consideration by the examiner, 37 CFR 1.142(b), as being drawn to a non-elected invention.

5. The application has been amended as follows:

A. Claim 36 has been canceled.

B. At claims 21-32 and 35, the phrase "of formula I of claim 1" has been amended in favor of the phrase --of formula I of claim 20--.

C. At claim 30, a period is added at the end of the claim.

D. At claim 35, 2nd line, the term "infections" has been amended in favor of the term --infection--.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

6. Applicants preserve the right to file divisional applications drawn to the non-elected subject matter of claim 36.

7. At claim 21-35, the amendment is made to correct the dependency.

8. At claim 35, the term "infections" was amended to a singular form.

9. Based upon the Amendment filed October 14, 2005, the rejections under 35 U.S.C. §112, 2nd paragraph and 35 U.S.C. §101 are withdrawn.

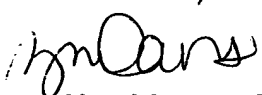

10. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

11. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Zinna N. Davis whose telephone number is 571-272-0682.

12. Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only.
